## **Report**

I believe Genette Malet de Carteret's C.V., as set out in the Appendix to this report, is in itself simple proof that she would be in a position to make a major contribution to the review body.

I would not wish to disagree with any of the names put forward by the Policy and Resources Committee. I feel, however, that the review body would gain from the inclusion of someone whose loyalties and experience "bridge the gap" between Jersey and models of good governmental practice elsewhere.

The amendment seeks to add Ms. Malet de Carteret's name to the list of "non-local" members, on the basis that she currently lives outside the Island. It should be obvious, however, that her roots are in Jersey.
