COMMENTS

The Council of Ministers accepts the Fourth Amendment to the Common Strategic Policy.

The Future Jersey vision and the ten Outcomes arising from it were formed during 2017 following Island wide engagement with over 4000 people. The Jersey Performance Framework provides the means by which we measure how we are meeting those outcomes.

The Amendment is helpful as it embeds Future Jersey in the Common Strategic Policy, based on the approval of the States Assembly.

Fundamentally, the Council of Minister's believes in the importance of data and evidence-driven decisions, using clear and transparent measures that reflect the experiences of Islanders and the outcomes of our actions.

For these reasons, the Amendment is welcomed.
