## **PROPOSITION**

**THE STATES are asked to decide whether they are of opinion –**

in accordance with Article 33A of the Social Security (Jersey) Law 1974 and further to a process overseen by the Jersey Appointments Commission, to re-appoint Dr Benjamin Griffiths- as a member of the Social Security Medical Appeal Tribunal, for a period of 4 years.

MINISTER FOR SOCIAL SECURITY

## **REPORT**

### **1. Background**

Article 6 of the Social Security (Determination of Disablement Questions) (Jersey) Order 1974 provides for the constitution of the Social Security Medical Appeals Tribunal (“SSMAT”).

The SSMAT hears appeals regarding the award of Long-Term Incapacity Allowance following assessments regarding loss of faculty made by a Medical Board. The Tribunal will review all facts placed before it by the Appellant and the Minister for Social Security and may confirm, reverse or vary the decision made by the Medical Board.

The constitution of the SSMAT comprises a Chairman (or Deputy Chairman) holding a qualification in law, and 2 Medical Practitioners (selected from a panel of up to 8 members).

The Medical Practitioners to the SSMAT must be currently licensed to practice medicine with the UK’s General Medical Council. The assessment of award for Long Term Incapacity Allowance is based on the determination of a loss of faculty, the degree of loss of faculty and the period of the award.

Because of the medical nature of the test, it requires the knowledge and experience of a medical practitioner. In the Tribunal, the medical practitioner is there to interpret and understand specific clinical information and its relevance in the determination.

This report recommends the re-appointment of a medical practitioner, who has completed their initial 5 year term.

### **2. Tribunals**

The Minister is responsible for the constitution of 3 different Tribunal Panels, the Social Security Medical Appeal Tribunal, the Social Security Tribunal (“SST”) and the Income Support Medical Appeal Tribunal (“ISMAT”). Where appropriate, Panel members are appointed to other Tribunals, ensuring a stronger pool available for each Tribunal.

### **3. Terms of appointment**

The Social Security (Determination of Disablement Questions) (Jersey) Order 1974 provides that members of the Tribunal are appointed by the States on the recommendation of the Minister, after consultation with the Jersey Appointments Commission.

The Minister therefore recommends this re-appointment. The proposed candidate has completed their initial term of office, which was for 5 years, and is now eligible for reappointment for a further 4 years, to comply with the Appointment Commission’s guidance of a maximum of nine years served. The Minister is confident that the individual proposed has the skills necessary to uphold the fairness and integrity of the tribunal system.

### **4. Member proposed for appointment**

Medical Practitioner to the Social Security Medical Appeal Tribunal:

Dr. Benjamin John Griffiths was born and schooled in Jersey. He worked for the Chief Minister's Department from 2006 to 2008 and qualified in Medicine in London in 2012. Dr. Griffiths covers anaesthetics, peri-operative medicine and intensive care medicine.

He has, separately, been appointed as a Medical Member of the First Tier Tribunal of England and Wales. Dr. Griffiths has been a member of the Social Security Medical Appeal Tribunal since 10th April 2018.

**Financial and staffing implications**

There are no financial or staffing implications for the States arising from the adoption of this Proposition.
