Question

What is the highest day rate which is currently paid to an Interim Director or Director General; how long has this rate been paid; and for how long is it planned that payment at this rate for this interim appointment will continue?

Answer

There is one Interim Director in the States of Jersey senior tier 1 and 2 structure currently in post. This is covering the role of Director General (Health and Community Services) where the interim is paid a rate of £1,350 per day. This rate has been paid since the 20th June 2018. It is anticipated that the Interim contract will continue to the 31st March 2019 whilst the permanent recruitment into the Director General role completes.

Job Title	Daily Rate	Start Date	End Date
Director General – Health and Community Services	£1,350	20 th June 2018	31 st March 2019

I will be asking officers to publish a full list of interim appointments and day rates in due course.
