Agenda matter	Action
1. Quarterly Public Hearing with the Minister for Social Security The Panel noted and discussed its question plan in preparation for the Public Hearing with the Minister for Social Security at 10.00 am. The Panel welcomed the Minister for Social Security to a Quarterly Public Hearing. The hearing was recorded, and webcast live via Microsoft Teams and a transcript was produced. Following the Public Hearing, the Panel discussed key topics to include in its media release, with the Communications Officer.	
2. Site Visits: Rosewood House, Orchard House, Clinique Pinel and La Chasse The Panel and accompanying Ministers and Officers were split into 2 groups to undertake the site visits at Rosewood House, Clinique Pinel and Orchard House. The groups each viewed the buildings and facilities, and particularly noted the changes made since the previous visit by the Panel in 2018.	

The Panel received a tour of Beech Ward at Rosewood House which is used for dementia assessment and care. Beech Ward was previously in Clinique Pinel, but had been relocated to Rosewood House because of the construction works and changes underway. The Panel was shown a number of rooms which included dementia friendly spaces and access to outside space.

The Panel received a tour of Cedar Ward, located on the first floor of Clinique Pinel which is used for the assessment and care of older adults, typically over the age of 65, who are suffering from mental health problems. At the time of the Panel's visit the ground floor and surrounding curtilage was a construction site. The Panel saw and heard about how this affected the ward, and one (at the time non-occupied) patient room in particular. The Panel was advised that the timeframe for completion of the building works, as advised by the contractor, had been extended from the original deadline of May 2022 to September 2022.

The Panel received a tour of Orchard House which accommodated the Adult Acute Assessment Unit. The Panel noted that the facilities had been improved since a visit was undertaken in 2018. The Panel noted in particular the improved change in the recreation areas for patients and, also, the addition of skylights, which allowed more natural light into the building.

The Panel, Ministers and Officers then travelled to La Chasse, St Helier which was used as the base for the Community Mental Health Team. The Panel discussed Adult Mental Health Services with the Minister, Assistant Minister and HCS officers present, noting the challenges that had been presented through Covid-19 pandemic and, also, the way forward for the department following the publication of the Independent Review of Adult Mental Health Services in Jersey in November 2021.

The Panel was introduced to various staff during the visits which provided the opportunity to informally discuss the delivery of services, including positive changes and challenges they had faced. During the discussion at La Chasse, the Panel was informed about the wider issues impacting staff such as the cost of living and challenges to find accommodation.

The Panel thanked the Minister, Assistant Minister and HCS staff and officers for their time, and they concluded the site visits.

4. Site visit to Child and Adolescent Mental Health Services (CAMHS)	
The Panel visited the CAMHS Office at Children's Services (Liberte House), to discuss the services provided by CAMHS, the physical environment available to CAMHS service users, a tour of the key facilities at Liberte House and the opportunity to	

24.02.2022

informally discuss the provision of mental health services to children and young people with CAMHS staff.

The Panel discussed CAMHS services with Darren Bowering, Head of Children's Health and Wellbeing, Children, Young People, Education and Skills (Head of Children's Health and Wellbeing). The Head of Children's Health and Wellbeing informed the Panel about the key services and challenges faced by CAMHS. It was advised that whilst Liberte House was an improvement over the previous facility, there remained areas for improvement.

The Panel then received a tour of the first floor of Liberte House by the Head of Children's Health and Wellbeing. The Panel were shown a number of rooms which included meeting rooms, a room for undertaking medical assessments, an art therapy room and the office used by CAMHS staff.

The Panel was introduced to a number of CAMHS staff present during the Panel's tour which provided the Panel with an opportunity to informally discuss the delivery of CAMHS services with staff.

The Panel thanked the Head of Children's Health and Wellbeing for his time, and they concluded the site visit of Liberte House.

<p>1. Quarterly Public Hearing with the Minister for Health and Social Services</p> <p>The Panel noted and discussed its question plan in preparation for the Public Hearing with the Minister for Health and Social Services at 10.00 am.</p>	

The Panel welcomed the Minister for Health and Social Services to a Quarterly Public Hearing. The hearing was recorded, and webcast live via Microsoft Teams and a transcript was produced.

Following the Public Hearing, the Panel discussed key topics to include in its media release, with the Communications Officer.

2. Follow-up Review of Mental Health Services: Site Visit to H.M. Prison La Moye

The Panel visited H.M. Prison La Moye (Prison), to discuss mental health services provided within the Prison and the opportunity to informally discuss the provision of mental health services to prisoners with Prison staff.

The Panel received an update about the role of the Prison in relation to the mental health of prisoners by Susie Richardson, Prison Governor, Justice and Home Affairs (Governor). It was advised that the main difference between the provision of mental health services to Jersey prisoners and U.K. prisoners, was that the Prison operated an internal healthcare service employed by the Prison Service, which often resulted in an improved service for Jersey prisoners. It was also advised that mental health services were provided to U.K. prisoners via the National Health Service.

The Governor informed the Panel that decisions about moving prisoners from the Prison to a secure U.K. mental health facility were made during the Jersey court process, and that Jersey experienced less complex mental health needs when compared with the U.K.

The Panel discussed the impact of COVID-19 and further discussed the impact of Jersey's current court processes, Prison mental health staffing as well as the needs of prisoners in Jersey compared with prisoners in the UK.

The role of the Crisis Team and the Home Treatment Team was discussed, and it was noted that the relationship between these teams and the Prison was managed by a Community Psychiatric Nurse. The Panel was advised that on a number of occasions there had been a delay in the response from the Crisis Team and they had not been able to respond, in some instances, for days.

The Panel thanked the Prison Governor and Officers for their time, and they concluded the meeting at the Prison.
