(Standing Order 155)

CODE OF CONDUCT FOR ELECTED MEMBERS**1 Purpose of the code**

The purpose of the code of conduct is to assist elected members in the discharge of their obligations to the States, their constituents and the public of Jersey. All elected members are required, in accordance with standing orders, to comply with this code.

2 Public duty

The primary duty of elected members is to act in the interests of the people of Jersey and of the States. In doing so, members have a duty to uphold the law in accordance with their oath of office and to act on all occasions in accordance with the public trust placed in them.

Elected members have a general duty to act in what they believe to be the best interests of Jersey as a whole, and a special duty to be accessible to the people of the constituency for which they have been elected to serve and to represent their interests conscientiously.

Elected members must give due priority to attendance at meetings of the States in accordance with the terms of their oath of office and should be present in the Chamber when the States are meeting unless they have very compelling reasons not to do so.

3 Personal conduct

Elected members should observe the following general principles of conduct for holders of public office –

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty

Holders of public office should be truthful.

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

*The principles in practice***4 Conflict between public and private interest**

Elected members should base their conduct on a consideration of the public interest, avoid conflict between personal interest and the public interest and resolve any conflict between the 2, at once, and in favour of the public interest.

5 Maintaining the integrity of the States

Elected members should at all times conduct themselves in a manner which will tend to maintain and strengthen the public's trust and confidence in the integrity of the States of Jersey and shall endeavour, in the course of their public and private conduct, not to act in a manner which would bring the States, or its Members generally, into disrepute.

Elected members should at all times treat other members of the States, officers, and members of the public with respect and courtesy and without malice, notwithstanding the disagreements on issues and policy which are a normal part of the political process.

6 Public comments etc. regarding a States' employee or officer

Elected members who have a complaint about the conduct, or concerns about the capability, of a States' employee or officer should raise the matter, without undue delay, with the employee's or officer's line manager (or, if he or she has none, the person who has the power to suspend the employee or officer), in order that the disciplinary or capability procedures applicable to the employee or officer are commenced, rather than raising the matter in public.

Elected members should observe the confidentiality of any disciplinary or capability procedure regarding a States' employee or officer and its outcome. If an elected member is nevertheless of the opinion that it is in the wider public interest that he or she makes a public disclosure of or comment upon the outcome of any such procedure, he or she should inform the parties to the procedure before so doing and, when so doing, refer to the individual by the title of his or her employment or office rather than by his or her name.

In this paragraph, "States' employee or officer" means a States' employee within the meaning of the [Employment of States of Jersey Employees \(Jersey\) Law 2005](#), a member of the States of Jersey Police Force and any officer mentioned in the Schedule to that Law who is not a member of the States.

7 Gifts and hospitality

The giving or acceptance of gifts, hospitality and services can give rise to a perception of corruption. In giving or receiving any gift, hospitality or service, members should consider whether they could justify acceptance to the public. In the event of doubt, members should seek advice from the Greffier of the States or the Commissioner for Standards.

Elected members should not accept gifts, hospitality or services which might appear to a reasonable person to compromise their personal judgement or integrity or place the recipient under any form of obligation to the giver, in order to guard against corruption or the perception of corruption. The same principle applies to gifts, hospitality or services offered or received to a family member or cohabitee.

The giving, receipt or offer of a gift, hospitality or service which a reasonable person might consider to be connected to membership of the States must, if it is of sufficient value, be registered in accordance with the rules on the registration of interests.

8 Access to confidential information

Elected members must bear in mind that confidential information which they receive in the course of their duties should only be used in connection with those duties, and that such information must never be used for the purpose of financial gain nor should it be used in their own personal interest or that of their families or friends. In addition, members should not disclose publicly, or to any third party, personal information about named individuals which they receive in the course of their duties unless it is clearly in the wider public interest to do so. Elected members must at all times have regard to all relevant data protection, human rights and privacy legislation when dealing with confidential information and be aware of the consequences of breaching confidentiality. Elected members

must not disclose publicly, or to any third party, things said, or information produced, in a meeting of the States that is conducted in camera, unless the States have permitted such disclosure.

9 Co-operation with committees and panels

Elected members shall co-operate when requested to appear and give evidence before or produce documents to –

- (a) a scrutiny or review panel, for the purpose of the review, consideration or scrutiny of a matter by the panel pursuant to its terms of reference and the topics assigned to it, or to a sub-panel or any person appointed by the scrutiny panel to review, consider, scrutinize or liaise upon any particular matter;
- (b) the PAC and the PPC, for the purpose of the preparation of a report upon or assessment of any matter pursuant to the PAC's and the PPC's terms of reference; and
- (c) a committee of inquiry, for the purpose of the inquiry which the committee is appointed to conduct.

Table of Amendments

Prior to the coming into force of the States of Jersey (Amendment No. 9) Law 2021 ([L.09/2021](#)) on 30th July 2021, amendments to the Standing Orders were drafted and dealt with as subordinate legislation and were therefore listed in the ‘R&O Series’ of Regulations and Orders. Adoption of the Law confirmed that Standing Orders “are not an enactment within the meaning of Article 1(2) of the Interpretation (Jersey) Law 1954” and, from its coming into force, amendments were therefore no longer included in the R&O Series.

All Regulations and Orders are listed on www.jerseylaw.je whilst all Propositions are listed on www.statesassembly.gov.je.
