Note: includes all democratic independent states and all UK dependencies with populations between 10,000 and 500,000.  
Democratic' is defined as being rated as 'free' in the Freedom House Freedom in the World survey of 2010 (dependencies not included in the survey are categorized according to available secondary literature)  
Population figures are from CIA World Factbook (accessed 4 August 2012), except that of Jersey, which is from the 2011 census.

Key to electoral systems:  
BV = Block vote (multi-member plurality)  
LV = Limited vote  
MMM = Multi-member majoritarian (mixed-parallel)  
PR = Proportional representation  
SMP = Single-member plurality  
SNTV = Single non-transferable vote  
STV = Single transferable vote  
TRS = Two-round system
