1) **Name and brief description of the proposed decision**
   The subject of your CRIA may be a proposed law, policy or proposition and in accordance with the Law is referred to in this template as the '**decision**'
   - What is the problem or issue the decision is trying to address?
   - Do children experience this problem differently from adults?

I am proposing expenditure savings to be incorporated into the next Government Plan. This proposition does affect children.

2) **Which groups of children and young people are likely to be affected?**
   Groups of children could include early years, primary or secondary education; young adults; children with additional learning needs; disabled children; children living in poverty; children from particular ethnic backgrounds; migrants; refugees; care experienced children and LGBTQ+ children

None.

3) **What is the likely impact of the proposed decision on children and on their rights?**
   - Identify any potential positive OR negative impacts and include indirect impacts on children and their rights as described in the UNCRC
   - Will different groups of children be affected differently by this decision?

None.

4) **Is a full CRIA required?**
   If you have identified impacts on children and their rights, a full CRIA should be completed. If no impacts are identified then a Full CRIA is not required, but please explain your rationale and how you reached this conclusion

No. As the proposition will not impact on children's rights a full CRIA is not required.
