Offices.

A1. The Sub-Committee approved a paper on the development of constituency offices which summarised the work undertaken by the Sub-Committee, including a number of key findings and recommendations.

It was noted that Deputy M.R. Scott dissented from the approval due to a number of concerns about the vision for constituency support and the equity between constituencies, particularly the three that were due to be piloted.

It was agreed that the paper would be sent to the Privileges and Procedures Committee (PPC) alongside a growth bid for the 2024 Government Plan in order that more work could be undertaken on the project, subject to PPC approval.
