The Minister for Education, Sport and Culture will table an answer to the following question asked by the Connétable of St. Helier –

“Would the Minister inform members –

- (a) of the date when the decision was taken to build a nursery unit as part of the rebuilding of St Peter’s Primary School?,
- (b) supply the capital and revenue costs for the nursery unit?
- (c) whether discussions were held with the Parish over the feasibility of using existing premises in the area to avoid the expense of new build?
- (d) whether he took into account the impact of the new free States nursery on private sector nurseries in the West of the Island?”

The Minister for Transport and Technical Services will table an answer to the following question asked by the Connétable of St. Helier –

“Would the Minister inform members –

- (a) whether he is investigating, as part of his ongoing review of transport strategy, the impact that the number of PNR (Private Non-Residential) parking spaces within the Ring Road has on the community in terms of adding to congestion and reducing the incentive for commuters to switch to other modes of transport?
- (b) whether he will undertake to discuss with the Minister for Treasury and Resources the feasibility of a tax on PNR parking with a view to ring-fencing the proceeds to enhance public transport services?”

The Minister for Health and Social Services will table an answer to the following question asked by the Connétable of St. Helier –

The Minister for Home Affairs will table answers to the following questions asked by Deputy G.C.L. Baudains of

St. Clement –

 - (a) “...every week there are hundreds of movements of firearms and ammunition between these ranges mostly in private vehicles”. Why did the Deputy Chief Officer offer this information when it had not been asked for, and what purpose did its dissemination serve?
 - (b) “...but it includes high velocity and high calibre weapons which are illegal in the U.K.”. Will the Minister identify those weapons?”
 - (c) “one weapon for which certificates have been granted can kill at a range of several miles”. Would the Minister inform members whether any other licensed full-bore rifles are capable of killing ‘at several miles’?
 - (d) “there are no suitable ranges in Jersey”. Assuming this refers to the single shot .5cal rifle, would the Minister confirm whether an assessment of the suitability of the rifle range at Crabbé, St. Mary has been carried out and, if so, whether it was found to be favourable?
 - (e) “some of the weapons are so powerful that the police would need military support to challenge any criminal use.” Would the Minister state how many weapons fall into this category and, given their weight and cumbersomeness, explain why they should present more of a problem than any other full-bore rifle?
 - (f) “...four parishes are not complying with the Law and are withholding all documentation on firearms certification”. Would the Minister confirm that this relates to all firearms documentation?
 - (g) “.50 single shot armour piercing Browning machine gun.” Would the Minister explain what is meant by a single-shot machine gun and whether it is the type of ammunition that can be used in such a firearm which is armour piercing rather than the gun?
2. In light of the exchange between the States of Jersey Police Deputy Chief Officer and the JEP, what steps, if any, has the Minister taken to ensure that in future, she is involved in any press communications relating to potentially controversial issues and, if so, what procedures are there to validate information given?
