2. Deputy G.P. Southern of St. Helier will ask the following question of the Minister for Treasury and Resources –

8. Deputy M.R. Higgins of St. Helier will ask the following question of the Minister for Economic Development –

9. Deputy T.M. Pitman of St. Helier will ask the following question of the Chief Minister –

“Will the Chief Minister clarify whether Mr. Brian Napier QC had access to the transcript of the States ‘in camera’ session where the former Home Affairs Minister informed the Assembly that he had seen the preliminary report that was so damning that he was left no option but to suspend the former Chief Officer of the States of Jersey Police?”

16. Deputy M.R. Higgins of St. Helier will ask the following question of the Minister for Home Affairs –

“Can the Minister advise whether evidence relating to child abuse in Jersey, particularly statements made to the States of Jersey Police by alleged victims, has gone missing and thereby prevented the prosecution of alleged offenders and, if so, what investigations have taken place to find those responsible for the loss of these statements?”

17. Deputy T.M. Pitman of St. Helier will ask the following question of the Chief Minister –

19. Deputy M. Tadier of St. Brelade will ask the following question of the Chief Minister –

“Further to his response to an oral question on 26th June 2012, what mechanisms, if any, does the Chief Minister have in place to ensure that the finance industry understands and agrees with his definition of ‘the long term best interest of Jersey’ and how will he be made aware of what Special Purpose Vehicles exist locally and whether they meet this criteria?”

20. Deputy R.G. Le Hérissier of St. Saviour will ask the following question of the Chief Minister –

Note –

In accordance with the meeting dates fixed for 2012 by the Privileges and Procedures Committee, this meeting will continue, if necessary, on Wednesday 11th and Thursday 12th July 2012.

Explanatory Note regarding subordinate legislation tabled at this meeting.

(See Item B)

R&O.79/2012.

This Order increases certain fees connected with the issue of certificates in respect of unclassified collective investment funds and imposes new fees upon the occurrence of specified events. This is the first change in the fees since the arrangements for certification commenced in 2008. The fees have been consulted upon (see JFSC Consultation Paper No. 1/2012).

The Order was made on 25th June 2012 and came into force on 1st July 2012.

R&O.81/2012.

Article 1 of this Order makes an amendment to ensure that the Shipping (Employment of Young People) (Jersey) Order 2007 does not prevent certain children from working in Jersey waters on Jersey-registered ships, or ships owned by Jersey residents or Jersey companies, for the purposes of gaining work experience while at school. This can only be done with approval from the headteacher and the Harbour Master.

Articles 1 and *2* change cross-references in that Order consequentially on the enactment of the Harbours (Inshore Safety) (Jersey) Regulations 2012 by the States.

Article 3 similarly changes a cross-reference in the Shipping (Safety of Navigation) (Jersey) Order 2009.

The existing cross-references are to licences that apply to boats, being licences under Part 4 or 5 of the Boats and Surf-Riding (Control) (Jersey) Regulations 1969. These Regulations have been replaced by the Harbours (Inshore Safety) (Jersey) Regulations 2012. Under the latter, the cross-references need to be to permits under Regulation 6 in respect of ships.

Article 4 sets out the short title of this Order and provides for it to come into force a week after it is made.

The Order was made on 28th June 2012 and came into force on 5th July 2012.

R&O.82/2012.

This Order gives effect in Jersey to Council Regulation (EU) No. 545/2012 of 25th June 2012 (OJ L 165/23 26.6.2012) (“the amending Regulation”) and Council Implementing Regulation (EU) No. 544/2012 of 25th June 2012 (OJ L 165/20 26.6.2012) (“the implementing Regulation”), by further amending (by *Article 2*) the Community Provisions (Restrictive Measures – Syria) (Jersey) Order 2012 (defined by *Article 1* as “the principal Order”).

The amending Regulation amends Regulation (EU) No. 36/2012 concerning restrictive measures in view of the situation in Syria, to develop the application of those measures related to financial assistance in the context of the arms embargo. The implementing Regulation adds the persons and entities listed in the Annex to that Regulation, to the list of those subject to restrictive measures set out in Annex II to Regulation (EU) No. 36/2012.

Article 3 provides for citation and commencement of this Order.

The Order was made on 4th July 2012 and came into force on 5th July 2012.

WRITTEN QUESTIONS

(See Item I(a))

1. The Minister for Economic Development will table an answer to the following question asked by Deputy S.S.P.A. Power of St Brelade –

“Can the Minister advise –

- (a) how much hangar space is available at the Airport for commercial aircraft that may need covered maintenance or repair?
- (b) whether the Blue Islands ATR aircraft that recently suffered undercarriage collapse can be housed in any hangar?
- (c) what covered facilities, if any, are available for air accident investigators to study such incidents?”

2. The Minister for Social Security will table an answer to the following question asked by Deputy M. Tadier of St. Brelade –

“Will the Minister –

- (a) provide a breakdown of adult recipients of Income Support by nationality, including a comparison with the nationality breakdown provided in the 2011 Census;
- (b) state what percentage of Income Support claimants have –
 - (i) lived in Jersey for more than 10 years;
 - (ii) lived in Jersey for between five and 10 years;
- (c) provide a breakdown of Social Security contributors by nationality, including a comparison with the nationality breakdown provided in the 2011 Census?”

3. The Minister for Transport and Technical Services will table an answer to the following question asked by Deputy S.S.P.A. Power of St Brelade –

“Can the Minister outline what plans the Department has for overhauling and updating certain provisions under the Motor Traffic Regulations (referred to during questions without notice on 26th June 2012) and whether consideration has been or will be given –

- (a) to sub-contracting out the inspection and registration of all new vehicles coming into Jersey?
- (b) to allowing the registration and use of Quad bikes with differentials by changing the Regulations?
- (c) to allowing the ownership and use of Segway machines by modifying Regulations?
- (d) to Jersey recognising advanced heavy motorcycle training and licensing qualifications gained at UK government approved motorcycle centres?”

4. The Minister for Economic Development will table an answer to the following question asked by the Connétable of St. John –

“Further to the press release dated 27th June 2012, would the Minister supply details of who attended the Red Ensign Conference in the Isle of Man and the total cost of the entire trip and its duration.

Given that one of the key outcomes of the conference was to remind British Consuls overseas of their duties to support the interests of British and not just UK shipping worldwide, does the Minister consider that Jersey has been appropriately represented in relation to Jersey registered Vessels overseas and, if so, give examples?”

5. The Minister for Treasury and Resources will table an answer to the following question asked by Senator S.C. Ferguson –

“Will the Minister, as the shareholder representative, advise whether Jersey Telecom’s fibre optic line customers were unable to make a fixed line call to the emergency services during the recent power cuts and, if so, outline what options are under consideration to remedy this situation to ensure that in the event of a power cut vulnerable members of our community are able to make calls and, if emergency batteries are to be supplied, who will meet the costs – Jersey Telecoms or the consumer and has this been included into the overall cost of installing the fibre optic line throughout the Island?”

6. H.M. Attorney General will table an answer to the following question asked by Deputy M. Tadier of St. Brelade –

“What were the total court costs incurred from the prosecution of drug offences in 2011?

What was the breakdown for cannabis related offences and for other drug offences?

What money, if any, was recovered from these offences and paid into the Criminal Offences Confiscation Fund and what was the net difference between cost incurred and funds seized?”

7. The Minister for Health and Social Services will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister expand on her answers to oral question 6960 of 26th June 2012 by providing –

- (a) a list of all current unfilled FTE posts across all departments in Health and Social Services(HSS), whether currently advertised or not, along with their respective grades;
- (b) a similar list of the additional 145 FTE posts needed in 2013 to start to deliver the new HSS strategy, including the increases to be delivered by the third sector, and advise whether any additional outsourcing has already taken place: and,
- (c) a list of those clinical staff approaching retirement by the end of phase 1 of the strategy in 2015?

Will the Minister further inform members whether she realistically expects to be able to deliver these posts by 2015 under the current public sector wage offer of 0% for 2012, 1% unconsolidated for 2013 and up to 3% subject to changes of terms and conditions for 2014, and if not, why not?”

8. The Minister for Education, Sport and Culture will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister explain to members why he failed to announce plans for the appointment of a single head for Hautlieu and Highlands in the States Assembly and chose instead to give the details to the press?

Does the Minister accept that by adopting the approach he has, he has closed down any possibility of public debate of the principles involved in the Assembly and elsewhere?

Do the terms of reference of the review into “enhancing options for students” include:

- (i) targets for efficiency savings, other than the £1million identified for the tertiary sector by Tribal in 2010;
- (ii) the potential scrapping of 14+;
- (iii) the amalgamation of Hautlieu and Highlands into a single institution;
- (iv) the savings that could be made by having a single tertiary centre to meet the needs of all the Island’s post-16 students, to include the fee paying sixth forms?

Will he also state whether this new initiative is intended to replace the missing £3.6 million from his CSR savings targets resulting from the abandonment of proposals to reduce the subsidies to the fee-paying sector and, if not, does he intend to re-introduce reductions in these subsidies in the period to 2016?”

9. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister explain why his major proposal to remove final salary pensions for public sector employees appeared in the press in advance of any statement to States members or to public sector representatives?

Does he not consider that while negotiations on pay, terms and conditions for the public sector are at a sensitive stage, his statement may be seen as inflammatory?

Will he explain to members:

- (i) why this issue was not left to the States Employment Board to consider as part of its modernisation programme for the public sector;
- (ii) why this problem is so urgent when “Jersey is far better placed than other jurisdictions” and “the Island’s public sector pension pot has a very enviable balance of £1.2 billion”;
- (iii) whether he intends to renege on the recently negotiated agreement that the States were to cover pre-1987 shortfalls in return for higher contributions/smaller pensions;
- (iv) whether he is including teachers pensions in this proposal, despite the fact that the teachers’ pension fund which is financed differently to that in the UK and currently has assets of \$300 million which makes it ‘healthy’?”

10. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Minister explain to members why it is not in the Island’s interest to join Guernsey and the Isle of Man in signing up to the automatic information exchange under the European Union (EU) Savings Tax Directive?”

To prevent any repeat of the recent K2 publicity and to improve our reputation for transparency, will the Minister explain whether the coverage of the EU Savings Tax Directive will be extended to include disbursements from Jersey based trusts to residents in the UK and elsewhere and, if not, why not?

Will the Minister also state whether the introduction of a requirement for full public disclosure of the ultimate beneficial owners of all companies registered in Jersey has been considered and, if not, why not?

Will he further state whether the introduction of a requirement for all Jersey based paying agents (i.e. banks, trust administrators, company administrators, etc) to declare income and capital distributions to persons resident in the UK and elsewhere in the world to the Jersey tax authorities, in order that the Island authorities are able to meet their commitment to co- operate with international exchange of tax information has been discussed with regulators and, if not, why not?”

11. The Minister for Home Affairs will table an answer to the following question asked by Deputy R.G. Le Hérisser of St. Saviour –

“In each of the last 5 years, how many police searches have been carried out at incorrect addresses and what procedures, if any, are in place to prevent this happening?”

12. H.M. Attorney General will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier –

“Will H.M. Attorney General provide the following information relating to all individuals elected to the position of Jurat since 1987 (a 25 year period) –

- (i) name
- (ii) date of appointment
- (iii) gender
- (iv) ethnicity
- (v) secondary education background
- (vi) professional background?”

13. H.M. Attorney General will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier –

“Given that trial by jury ensures that both the plaintiff and defendant's case is heard by an entirely random cross-section of the community, will H.M. Attorney General outline why individuals initiating civil actions in Jersey are denied access to trial by jury as enjoyed by their counterparts in the UK; further still, what are the obstacles, if any, to the current position being reformed to ensure parity with the UK?”

14. H.M. Attorney General will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier –

“As the criteria precluding an individual from serving as a Jurat includes reasons as diverse as criminal convictions; holding a paid office with either the States or a parish and also being or being employed by a brewer and given that Jurats are sitting in judgment upon others and thus need both a commitment to justice and the law as well as sound and unsullied personal judgment, to what degree does evidence of such individuals putting the welfare of minors at risk of abuse by failing to comply with legislation also preclude election to the role of Jurat, and if such actions do not, why not?”

15. H.M. Attorney General will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier –

“What disciplinary sanctions are in place in instances of lawyers/advocates being found to have attempted to charge incorrect amounts of money to clients - whether their own or, in an instance of adverse costs rulings, to clients of others; further still, how many disciplinary sanctions have been imposed in the past ten years and what form have these sanctions taken?”

16. The Minister for Education, Sport and Culture will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Further to the CSR savings and user pays proposals listed in a press release on 25th June 2012, will the Minister state –

how he can make additional savings of £1,086,000 from demographic changes when both primary and tertiary numbers are increasing;

what data will enable savings of £1.5 million (17%) on tuition fees and how confident is he that these will be delivered by 2016;

how will the increase in grant assessment savings be calculated and staged?

how will the introduction of an out of school placement for key stage 4 (already achieved by Trident) produce a £250,000 saving?

how will the additional £90,000 charges be delivered, how will it be staged over the period and what will the average cost of instrumental music lessons now be?

what cost/benefit analysis has been performed on the loss of a trainee librarian?

what additional posts will be lost in restructuring the youth service and sports management, will these involve redundancies and, if so, how many?

how the £320,000 saving on property charges for provided schools and £312,000 grant to independent schools will be achieved and how it is to be staged?

what “consistent application of funding formula to fee-paying schools” means?”
