(See Item B)

R&O.153/2015.

This Order amends the EU Legislation (Sanctions – Belarus) (Jersey) Order 2015 to give effect in Jersey to the amendments made by Council Regulation (EU) 2015/1948 of 29 October 2015 (OJ L 284, 30.10.2015, p. 62) to Regulation (EC) No 765/2006, which is the EU legislation implemented by the original Order. The effect of those amendments is to suspend freezing measures against persons listed in a new Annex IV to Regulation (EC) No 765/2006.

The list, in Annex I to Regulation (EC) No 765/2006, of those on whom the freezing measures are imposed (subject to any suspension) has also separately been amended, most recently by Council Implementing Regulation (EU) 2015/1949 of 29 October 2015 (OJ L 284, 30.10.2015, p. 71). But those listing amendments are separately given effect by the ambulatory reference to the Annexes in the original Order.

The Order was made on 2nd December 2015 and came into force on 3rd December 2015.

WRITTEN QUESTIONS

(See Item I(a))

1. The Minister for Health and Social Services will table an answer to the following question asked by Senator Z.A. Cameron –

“Given that it is important for recruitment that doctors and nurses coming to work in Jersey do not need to retrain to be able to return to the U.K. should they wish to do so, is the regulatory framework that Jersey has put in place to guarantee professional standards for doctors and nurses consistent with the UK performers list?”

2. The Minister for Home Affairs will table an answer to the following question asked by the Deputy of St. John –

“Further to page 18 of the Home Affairs 2015 Business Plan in which a specific key risk is ‘workforce modernisation and process re-engineering hindered by corporate controls and processes’, could the Minister explain whether this has been an issue on the department’s ability to perform during 2015 and, if so, what hindrance in particular corporate controls and processes may have had?”

3. The Chief Minister will table an answer to the following question asked by Deputy S.M. Wickenden of St. Helier –

“Would the Chief Minister provide a list of costs year on year for the running of the Jersey Appointments Commission since it was started in 2002 up until the current day with the figures broken down by Chairperson remuneration, Commissioner remuneration and expenses?”

4. The Chief Minister will table an answer to the following question asked by Deputy S.M. Wickenden of St. Helier –

“Would the Chief Minister provide a breakdown of the number of staff in each civil service grade for the 108.4 FTE’s within the Information Services Department?”

5. The Minister for Social Security will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Following the results of the Household Income Distribution Survey 2014/15 which showed that 28 percent of pensioners live in Relative Low Income, what work, if any, has the Minister undertaken to estimate what effect there will be on this figure by the recent changes to the Income Support disregard for pension income?”

If she has not done any work on this, why not?”

6. H.M. Attorney General will table an answer to the following question asked by Deputy S.Y. Mézec of St. Helier –

“Would H.M. Attorney General clarify the current law in Jersey governing the crime of inciting racial hatred and inform members whether there have been any prosecutions since it was introduced?”

7. The Minister for Home Affairs will table an answer to the following question asked by Deputy M. Tadier of St. Brelade –

“Will the Minister state how many individuals have been subject to –

- (1) baggage searches;
- (2) personal searches;
- (3) strip searches, including cavity searches;
- (4) X-Rays;

in the past 3 years to-date (2013 to 2015), on the suspicion of importing illegal drugs;

How many of these were (1) charged and (2) not charged and (3) how many of these convicted of a subsequent offence?”

8. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“What justification does the Chief Minister offer for the low levels of spending as a proportion of GDP on the Council of Ministers’ ‘priority’ services of education (2.5%) and health (3.5%) in comparison with the OECD averages (6.2% and 9% respectively)?

What further explanation does he have for figures from Standard and Poor which suggest that total government spending will reduce from 18.4% of GDP to just 17.3% by 2018?

Does he consider that such low levels will inevitably damage the level and quality of public services essential to maintain the quality of life of residents and reduce the Island to third world standards?”

9. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Will the Chief Minister inform members what progress, if any, has been made towards solving the ongoing dispute between the States Employment Board and representatives of public sector employees over pay and conditions in the light of above inflation pay rises in the private sector?”

10. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Given that during the course of 2015, the Jersey Employment Trust (JET), a third sector provider, was subject to grant reductions on 4 different occasions in January, June, July and November taking its forecast deficit from £40,000 to £370,000, does the Chief Minister consider that this process was efficient or effective and, if not, would he assure members that this did not happen to other third sector organisations supported by the States nor will it happen again in the future?”

11. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Given that the latest Income Distribution Survey points to a growing income inequality gap in Jersey to the extent that the Island has now overtaken the United Kingdom in terms of inequality, what specific targets in relation to pensioners, children in relative low income or 90/10 ratios does the Chief Minister have for the rest of his time in office and, if none, why?”

12. The Minister for Housing will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“What specific targets for additional units of accommodation in the social rental and subsidised purchase sectors does the Minister have for the coming 4 years of the Medium Term Financial Plan in order to bring down housing costs which are pushing households into relative low income?

Can she further indicate what effect, if any, the decision to move to 90% of private sector rentals levels had on the increase in the proportion of social rental households (from 50% to 66%) in relative low income over the period of the Income Distribution Survey 2014/15?”

13. The Chief Minister will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Will the Chief Minister confirm with regard to the Sharp Report:

- (a) how many pages were contained in the full report not including appendices;
- (b) how many appendices were produced to the report, the title of each appendix and the number of pages in each appendix;
- (c) the date the main report was sent to the Independent Jersey Care Inquiry; and,
- (d) the date(s) on which the appendices were sent to the Independent Jersey Care Inquiry and the number(s) of appendices which were sent on each date?”

14. The Chief Minister will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Will the Chief Minister provide the following information for members for each States Department (breaking down the Chief Minister’s Department into its individual operational or administrative units) for each year from 2008 to November 2015 –

- (a) every charge, fee or item that resulted in an increase income from members of the public or companies (ie. a charge by any other name) raised in that year together with its percentage rise; and,
- (b) the annual rate of inflation for each year (in the case of 2015 using November 2014 to November 2015)?”

15. The Minister for Home Affairs will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“With reference to Operation Rectangle will the Home Affairs Minister explain to Members -

- (a) the chain of evidence requirements for all bone or suspected bone fragments recovered from Haut de la Garenne; and,
- (b) whether there were breaches in the chain of evidence that occurred in their handling, examination and testing and, if so, how many breaches, who was responsible for them and what effect these breaches would have had on their admissibility had they been used as evidence in court?”

16. The Minister for Home Affairs will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Following the criticism of the States of Jersey Police by the Master of the Royal Court in *Boschat v. Chief of States of Jersey Police* (JRC 220A (2015)) regarding the failure to supply timely information when requested, and further to the answer given to written question 1240/5(9068) on 17th November 2015 which showed that the States of Jersey Police, uniquely of all States departments, were failing to meet the 40 day response time to subject access requests, will the Minister -

- (a) explain what steps she will be taking to ensure that the Police will, in future, respond to all subject access requests within the 40 day period prescribed in the Data Protection (Jersey) Law 2005;
 - (b) publish in an anonymised format the nature of all outstanding subject access requests over 40 days in each of the years listed in the previous written question, explaining the reasons why the information has not been supplied to date; and,
 - (c) advise all States members within 40 days of this question how many of these outstanding information requests have, and have not, been cleared and, for those that have not been cleared, the reason(s) why?”
17. The Chairman of the Comité des Connétables will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –

“Would the Committee set out for each Parish the number and type of each type of honorary police officers together with details of any payments of expenses and honorarium made to each class of honorary officer?”
