R&O.20/2024.

Education (Grants and Allowances) (Jersey) Amendment Order 2024.

Minister for Education and Lifelong Learning.

This Order amends the Education (Grants and Allowances) (Jersey) Order 2018 (the “Grants Order”) to increase by 4% the maintenance grant and clinical component grant payable to students for the 2024 academic year. This Order also creates an exemption from Article 20 of the Grants Order for students who began a 4 year full-time course before the 2024 academic year. Article 20 requires that a student undertaking a 4 year full-time course has their tuition fees grant and maintenance grant each reduced by 25% if an equivalent 3 year full-time course could have been undertaken instead. This will no longer apply to students who began their 4 year full-time course before 1st September 2024.

Article 1 states that this Order amends the Grants Order.

Article 2 inserts a definition of “2024 academic year” into Article 1 of the Grants Order.

Article 3 inserts new Article 6B. This new Article clarifies that examples used in the Grants Order are part of the text of the Order but do not limit the provisions to which they relate.

Article 4 substitutes Article 13B of the Grants Order. The replacement Article 13B increases by 4%, for the 2024 academic year, the maximum maintenance grant payable to students whose relevant income is less than £50,000.

Article 5 substitutes Article 13C of the Grants Order. The replacement Article 13C –

- increases by 4%, for the 2024 academic year, the minimum maintenance grant payable to students whose relevant income is less than £90,000;
- simplifies the formula used to calculate the amount of maintenance grant payable to students whose relevant income is between £50,000 and £89,999.99 (but does not change how the amount of maintenance grant is calculated); and
- gives an example of how the formula is used to calculate the amount of maintenance grant payable.

Article 6 amends Article 15 of the Grants Order to increase the clinical component grant by 4% for the 2024 academic year. The clinical component grant is payable to a student undertaking a course in medicine, dentistry, nursing or veterinary science if their relevant income is less than £100,000.

Article 7 amends Article 20 of the Grants Order. This amendment means that a student who began a 4 year full-time course before 1st September 2024, but could have undertaken a 3 year full-time course instead, will no longer have their tuition fees grant and maintenance grant reduced by 25%.

Article 8 gives the title of the Order and states that it comes into force 7 days after it is made.

The Order was made on 10th April 2024 and comes into force on 17th April 2024.
