P.47

Price code: B

Explanatory Note

The effect of these Regulations, if made, will be to continue for a further three years from 12th April 2001 the effect of the Milk (Sale to Special Classes) (Jersey) Regulations 1998, which expire on 11th April 2001.

The Regulations also introduce an upper income limit of £28,802 per annum for eligibility as a beneficiary under the Regulations, and provide for the annual adjustment of that limit to take account of the average of the annual increases in the Retail Prices Index and the Index of Average Earnings published by the Statistics Unit of the Policy and Resources Department.

By virtue of the Criminal Justice (Standard Scale of Fines) (Jersey) Law 1993, references to penalties in the Regulations have the following effect: level 1 is £50, level 2 is £500, level 3 is £2000 and level 4 is £5000.

This proposition has no implications for the manpower resources of the States. It has no implications for the financial resources of the States beyond the current annual costs of administering the scheme, but the comments of the Finance and Economics Committee will follow in due course.
