FIELD 126, LA GRANDE ROUTE DE LA CÔTE, ST. CLEMENT: CONSTRUCTION OF HOMES (P.17/2003) – COMMENTS

**Presented to the States on 18th March 2003
by the Finance and Economics Committee**

STATES GREFFE

COMMENTS

Although there are no direct financial implications arising from this Proposition should the States agree to it, a subsequent reversal of the existing decision of the Environment and Public Services Committee may have financial implications. It is a matter for the Environment and Public Services Committee to meet any implications arising from that reversal from within its existing financial resources.
