**DRAFT STATES OF JERSEY (AMENDMENTS AND
CONSTRUCTION PROVISIONS No. 7)(JERSEY)
REGULATIONS 200**

REPORT

The report relating to this projet is published within P.55/2005.

Explanatory Note

These Regulations amend enactments which confer functions upon the Home Affairs Committee. The amendments are consequential upon the transfer of functions from that Committee to the Minister for Home Affairs. The transfer, and these amendments, will take effect when the first Council of Ministers is appointed to office.

The amendments do no more than substitute a reference to the Minister for Home Affairs for a reference to the Home Affairs Committee. Where an enactment for which the Home Affairs Committee has responsibility includes a reference to another Committee, that reference is simply substituted by a reference to the Minister taking that Committee's responsibilities.

The amendments in these Regulations relating to the employment of police, prison and fire service officers may be superceded by the proposed Employment of States of Jersey Employees (Jersey) Law 200- , and consequential amendments relating to it, if that proposed Law is agreed to by the States. However, the amendments in these Regulations are necessary so that if that Law is not agreed to, or not agreed to in time to be in force on the date on which the Committees of the States are revoked under the States of Jersey Law 2005, such employees continue to have an employer.
