

**WRITTEN QUESTION TO THE MINISTER FOR PLANNING AND ENVIRONMENT
BY DEPUTY R.J. RONDEL OF ST. HELIER
ANSWER TO BE TABLED ON TUESDAY 6th MARCH 2012**

Question

Would the Minister make available a list of residential planning applications to develop three properties or more per site that have received planning permission but have not yet commenced development?

Would he also make available a list of residential planning applications for three properties or more per site that have commenced development but which have yet to send in a certificate of completion?

Answer

The Minister for Planning and Environment publishes regular monitoring reports on housing land availability. These reports provide details of, amongst other things, all outstanding residential planning permissions, together with all homes under construction.

The last report, reflecting the position as at January 2011, was published in September 2011. It is published and available on the States of Jersey website and was sent to all States Members.

The next report, reflecting the position as at January 2012, is presently in preparation, and will be published once complete.
