

**WRITTEN QUESTION TO THE CHIEF MINISTER  
BY SENATOR S.C. FERGUSON  
ANSWER TO BE TABLED ON TUESDAY 16TH JANUARY 2018**

**Question**

How many attempts, if any, were made to obtain access to inappropriate or pornographic websites from computers linked to the States system during 2017?

**Answer**

The States of Jersey filtering system blocks inappropriate or pornographic websites for all computers and devices that access the network. It does this by managing access to categories of websites, not by monitoring searches from individual devices. However, if we need to look at activity on individual devices we can, and do, and where appropriate, action is taken.
