

**WRITTEN QUESTION TO THE CHIEF MINISTER
BY DEPUTY M.R. HIGGINS OF ST. HELIER
ANSWER TO BE TABLED ON TUESDAY 21st JANUARY 2020**

Question

Will the Chief Minister provide a table showing all the price increases implemented by each States Department in 2019, indicating whether such increases were above, below or equivalent to the rate of inflation at the time of the increase?

Answer

The attached table shows the fee increase for departments in 2019. Departments are required to seek approval from the Minister for Treasury and Resources (or the Treasurer of the States under delegated authority) for increases above 2.5%. Reported inflation rates throughout 2019 were as follows:

March	3.6%
June	2.8%
September	2.7%
December	2.5%

Additional notes are provided below in relation to some departments.

Chief Operating Officer, Customer and Local Services and Treasury and Exchequer

No fee increases in 2019.

Health and Community Services

Data to follow. This will be provided to Deputy Higgins and copied to all States Members.

Growth, Housing and Environment

Car parking fees include GST. All others exclude GST, some are GST exempt.

Children, Young People, Education and Skills

It has not been possible in the time available to establish the exact charges made by all schools for breakfast and afterschool clubs and small sales but the understanding is that price rises were contained to 2.5% in line with policy.

In 2019, no increases were implemented at the Fee Paying Schools as the fee increases took effect from 1 Jan 2020.

Highlands charges increased to recover charges made to the College for examination and awarding body registrations, increased length of some courses due to changes in curriculum and to recover for example, costs in uniforms and specialist equipment which the learner retains. It is standard practice to reclaim examination/awarding body costs – these are not Highlands' fees but they are included in the overall charge to the learner/customer.

I would also like to put on record my thanks to the officers who helped answer this question in such a short space of time. It has run to over 850 lines of data and was a considerable effort to achieve, especially with such a quick turnaround.

At the point at which the Regulation of Care 2014 Law came into force, the Care Commission also became responsible for the registration, regulation and inspection functions provided for under the following legislation;					
a.	Piercing and Tattooing (Jersey) Law 2002.		No increase in 2019		
b.	Medical Practitioners (Registration)(Jersey) Law 1960		No increase in 2019		
c.	Health care (Registration) (Jersey) Law 1995		No fees charged		
d.	Dentistry (Jersey) Law 2015.		No increase in 2019		
The fees charged under each of those pieces of legislation varies i, for example, medication practitioners are only charged an initial application fee, whereas piercing and tattooing practitioners are charged an annual fee.
