

**WRITTEN QUESTION TO THE MINISTER FOR THE ENVIRONMENT
BY DEPUTY M. TADIER OF ST. BRELADE
QUESTION SUBMITTED ON MONDAY 7th MARCH 2022
ANSWER TO BE TABLED ON MONDAY 14th MARCH 2022**

Question

“Further to concerns I have raised about the wall surrounding Field B139 in St. Brelade (Parcq du Pont Marquet), has either the Minister or his officers inspected the wall and, if so, has it been assessed as being in an acceptable state of repair and safe under the relevant legislation; and if it has been assessed as being not safe and in an acceptable state, what steps will he take to ensure that action is taken by the owner or their agents to repair the wall?”

Answer

I have instructed officers to visit the area this week and, if necessary, liaise with the Parish of St. Brelade. The officers will update the Deputy when this has taken place. As Minister I will need to avoid direct involvement in case the matter becomes a live compliance case and the subject of a future appeal, which I would need to determine.
