

**WRITTEN QUESTION TO THE MINISTER FOR HOUSING  
BY DEPUTY M.B. ANDREWS OF ST HELIER NORTH  
QUESTION SUBMITTED ON MONDAY 3rd JUNE 2024  
ANSWER TO BE TABLED ON MONDAY 10th JUNE 2024**

**Question**

“Will the Minister advise the total number of vehicles impounded on all land owned or managed by Andium Homes over the last five years and whether any revision of parking enforcement is to be considered?”

**Answer**

Due to a change in computer system and data retention policies, Andium Homes’ parking contractor only holds towing data from 2020. Over the past four years, the following numbers of vehicles have been towed from land owned or managed by Andium Homes:

	<b>2020</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>
<b>Number of warning-only tickets issued</b>	-	-	4618	3250
<b>Number of cars towed</b>	225	380	445	398

Andium Homes has designed their parking service to ensure that tenants are able to park appropriately and safely; it is not a revenue-generating service. Vehicles are generally only removed following the issue of at least one prior-warning notice.

The patrol regime is regularly reviewed in order to respond to identified levels of unauthorised parking and tenant feedback. Some changes are currently being explored, in particular increasing numbers of patrols in the evenings in response to feedback from tenants.
