

## Email received from Magistrate's Court Greffe

Good morning,

Further to your request for court statistics in relation to eviction cases for 2018 and 2019, the court record is as follows:

2018: 29 cases for eviction were brought to court, out of which 16 resulted in eviction being ordered.

2019: 51 cases brought to court, 29 evictions ordered.

Hope this helps, let me know if you need further information.

Kind regards

**Assistant Greffier (Civil)**
