## **Children, Education and Home Affairs Panel**

### **Briefings/Meetings arranged/work undertaken**

- In relation to Covid-19, the Panel is considering the Government Plan in light of the crisis. The Panel has decided to evaluate and consider the current Government Plan's projects in view of the changing circumstances. It has developed questions that it will be sending to the various Ministers within its remit over the coming week.
- The Panel has lodged an [amendment](#) to P.103/2020 Draft Covid-19 (Amendments – Extension, Suspension and Repeal) (Jersey) Regulations 202-. The amendment, if adopted, would time limit the changes to the Unlawful Public Entertainments (Jersey) Regulations 2019 that were adopted by the Assembly at the start of the Covid-19 outbreak. As the Regulations are triennial, the changes (that bestow additional powers on the Bailiff to remove consent for large scale events and place conditions on their operation) are now in place until 2022. The Panel's amendment therefore time limits them to 30<sup>th</sup> April 2021 as with all other extensions within P.103/2020.
- The Panel is keeping a watching brief on the Draft Covid-19 (Fixed Penalty Notices) (Jersey) Regulations 202- which is being considered in light of the Covid-19 response. Since this was last discussed with the Minister for Home Affairs on 10<sup>th</sup> July there have been no further updates.
- The Panel continues to have a weekly meeting, on a Monday, with the Minister for Education to remain informed around the Covid-19 response within her remit. At its meeting on Monday 17 August, the Panel discussed matters regarding exam results in the absence of the exam process. #### **Update on ongoing Scrutiny matters:**

- Bridging Island Plan Review – The Panel agreed the final draft of the Terms of Reference and Scoping document. The Panel discussed the need for an expert advisor, but it was agreed that one was not required at this time. The Panel noted that the Strategic Policy, Performance and Planning Department had already sought independent advice from their 'strategic partner' Arup Consulting, who had produced a report to inform the Minister's proposal to lodge a shorter 'bridging' Island Plan. As it would be possible to invite and question the Department's strategic partner at a public hearing or write to them (and others within the field of Planning) with written questions, it was decided it would be possible to seek valuable insight and expertise through these methods, as opposed to commissioning an advisor. The Bridging Island Plan Review launched on 6<sup>th</sup> August and is open for submissions. The deadline for submissions is 11<sup>th</sup> September.

- [Investigation into the establishment of a digital register of landlords and tenants \[P.82/2020\] – the Panel discussed a progress update from the Minister for the Environment.](#)
- Residential Tenancy Deposit Scheme – the Panel discussed a response from the Minister for Children and Housing outlining the process and rationale for the renewal of the contract with MyDeposits Jersey. The Panel is following up with the Minister with further queries on this. In particular, seeking clarification on what encouragement was given for local companies to bid for the tender as it was noted that no local companies had made a bid.
- Foreshore encroachment policy – the Panel is still awaiting the final report of Jersey Property Holdings' internal review of the policy.
- Government Plan – the Panel noted a provisional timeline for the upcoming review and agreed public hearing dates with Ministers.

#### **Future briefings/legislative changes to consider**
