Dear Deputy Tadier,

Corporate Services Scrutiny Panel

P.126/2021 – Draft Royal Court (Amendment No.16) (Jersey) Law 202-

I refer to your recent email communication in which you requested clarification on the Panels position in relation to P.126/2021 – Draft Royal Court (Amendment No.16) (Jersey) Law 202-

I can confirm that the Panel wrote to the Bailiff on the [12th January 2022](#) raising questions on the appointment of Jurats and wider representation within the proceedings of the courts. The Bailiff's reply to the Panel's questions was received on the [26th January 2022](#).

The Panel accept that issues do exist within the Law that require more detailed attention but believe this will be addressed within the Panel's legacy report for the next Assembly.

Kind regards,

Yours sincerely
