Dear Chief Minister,

**Corporate Services Scrutiny Panel**

**100 Day Plan and Information Request**

At the Corporate Services Scrutiny Panel's meeting on Monday 25<sup>th</sup> July 2022, the Panel agreed that receiving a progress update on your 100 Day Plan would be beneficial in the organising of its work programme. Subsequently, I write to request a briefing on the progress to date on your priorities for your first 100 days.

Additionally, the Panel also requests to receive the following information via a formal written response:

- An update on your upcoming work programme to include any legislation in the pipeline.
- The lodging timeline in respect of the upcoming Common Strategic Policy and Government Plan 2023 - 26.
- A progress update on the establishment of the Public Services Ombudsperson and any consultation documentation and law drafting instructions in that regard.

I kindly request that you liaise with our Committee and Panel Officer on the necessary arrangements for the briefing. The Panel would appreciate to receive a formal written response and the requested information by Thursday 4<sup>th</sup> August 2022.

Yours sincerely,

Deputy Sam Mézec
