States Greffe

Deputy Kirsten Morel
Minister for Economic Development, Tourism, Sport and Culture

BY EMAIL

31st March 2023

Dear Minister,

Thank you for your [letter](#) of the 17th March 2023, responding to the Panel's questions concerning the Ministerial Response to our review of the Government Plan 2023-26.

You have stated in your answer to our first question, concerning exemption of publicly releasing commercial information, that to publish Business Cases in their entirety would limit the information that could be included within them.

The Panel is interested to know if you would consider releasing redacted or partial versions in order to provide wider understanding of costs? We would also enquire as to how you intend to, more widely, distribute information to the public to demonstrate the value for money of the actions taken within your remit?

We would be grateful if you could provide the information requested by Friday 7th April 2023.

Yours sincerely,

Deputy Moz Scott
Chair
Economic and International Affairs Scrutiny Panel
