Dear Deputy Binet,

Progress and resourcing of hospital development project

The Future Hospital Review Panel is aware that the Government is in the process of establishing a project team to progress plans for the delivery of new plan for a hospital development and would be grateful if the following information could be provided.

1. When it is anticipated that the project team be in place.
2. A list of the roles which are included within the team.
3. Which of the roles will be taking medical responsibility and providing an overview of risks and pressures on the health service provision.

Yours sincerely

Deputy Sam Mézec
Chair
Future Hospital Review Panel
