Dear Minister,

Homelessness Strategy – delivery and governance structures

You will be aware from previous questions asked by the Panel that it is keen to understand how you and fellow Ministers are intending to deliver various aspects of the Homelessness Strategy.

Please could you supply the following information for the Panel.

1. A list and each of the Terms of Reference of the homelessness sector groups working with, for and within Government together with their specific purpose and their membership (by role rather than name). If there is a hierarchy or structure to the interaction of each of these groups, please also supply this.
2. Please provide your delivery roadmap for the Homelessness Strategy.

We look forward to hearing from you.

Yours sincerely,

Deputy Hilary Jeune
Chair, Environment, Housing and Infrastructure Panel
