- 3. Can you please outline the governance of such funding requests, for example what Ministerial decisions are needed in these circumstances?
- 4. There have been historic instances of funding to filming productions that have not materialised, what learnings have been recorded and what safeguards are now in place?
- 5. How would potential funding be distributed, for example would third parties such as ArtHouse Jersey be involved?
- 6. What direct revenue do films provide to Jersey, for example are there permits or other such charges and payments?
- 7. What levers does the Island have in promoting a film industry?

- 11. Are there any updates to the strategy that you would like to highlight at this juncture?

### **Ports Policy and connectivity**

- 12. The Policy Framework for the Ports Sector was published earlier this year. How has then been received by stakeholders and the wider public?
- 13. The Panel understands that Condor Ferries Chief Executive Officer resigned earlier this year, what actions have you been undertaking to ensure continuation of shipping services?
- 14. Are you able to provide any update as to the progress of the negotiations for the ferry Operating Agreement, due to expire in March 2025?
- 15. The Framework indicated that the Public Service Obligations of Ports of Jersey should be periodically reviewed and updated, can you please outline how this works in practice?
- 16. The Panel is aware of the recent events and discussion of fixed connections, such as tunnels to France and Guernsey. Can you please outline what consideration and actions the Government of Jersey will be undertaking in this area?

We would be grateful if you could respond no later than Tuesday 23<sup>rd</sup> April 2024 in line with the 5 working days approved for responses between Scrutiny Panels and Ministers.
