

# ENVIRONMENT SCRUTINY PANEL

Public Call for Evidence

## *Review of Speed Limit Policy*

The policy on Jersey's speed limits could be about to change. Limits on some roads could be reduced from 40mph to 30mph, while on green lanes they may go up from 15mph to 20mph. Also, what speeds are appropriate in urban areas? Should a penalty points system and fixed penalties for motoring offences be considered? How can we best enforce speed limits to improve road safety?

### **Tell us what YOU think!**

The Environment Scrutiny Panel is examining the proposals for a revised Speed Limits Policy put forward by the Minister for Transport and Technical Services.

**The Panel would like to hear your views on the matter.**
