

Future Hospital Review Panel Outline Business Case and Funding Review

CALL FOR EVIDENCE – Share your views

As part of its review of the Government's Our Hospital Project Outline Business Case and proposed funding, the Future Hospital Review Panel is seeking the views of Islanders to aid its scrutiny work.

The [Funding Proposition](#) was lodged on 3rd August 2021 and will be debated on 5th October 2021. The Panel would like to receive thoughts on the Government's outline business case and proposed funding for the new hospital. The Panel would particularly like to receive views on whether:

- The proposed budget of £804.5 million is appropriate for Jersey and for this project
- £756 million of that budget should be borrowed by using public bonds
- Borrowing of this scale should be used to finance a new hospital
- The investment returns of the Strategic Reserve should be used to pay debt financing costs, management and administration costs
- The proposition adequately addresses the economic risks or benefits
- The conclusions of the Outline Business Case are reasonable
- The Outline Business Case provides sufficient evidence to support the scale of the proposed project
- It is sensible to use the Strategic Reserve [Rainy Day Fund] to manage debt and funding of the Our Hospital Project

The Panel would also like to know:

- What key issues you think States Members should consider when they debate the funding proposal?
- What further information, if any, you need about the proposed funding for the Our Hospital Project?

The Our Hospital Project is a major infrastructure project which will have a lasting impact on Jersey's healthcare and finances, it is important that all Islanders take the opportunity to have their say.
