Request

I am interested in understanding the staffing across GOJ Departments (including the States of Jersey Police) dedicated to staff health and wellbeing. Could you therefore provide the job titles, numbers, associated grades and %FTE of staff as follows:

Staff within the HCS Wellbeing Team
Staff within the Police Wellbeing Team
Staff within the GOJ Central Wellbeing Team
Staff within the HCS Immunisation Team
Staff within the GOJ Immunisation Team
Staff within any other similar departmental team(s) focussed on staff health and wellbeing

And finally, any other similarly employed staff, including any with either the word 'Wellbeing' or phrase 'Occupational Health' within their job title (where the role is focussed on the health and wellbeing of staff rather than members of the general public) in any government department?
