Dear Minister,

Assisted Dying Review Panel: Construction of the Proposition

Further to the Panel’s letter dated 13th March 2024, I am writing in relation to the construction of the Proposition that sets out the detailed proposals for assisted dying in Jersey.

As you will recall, the Panel previously declined to provide a view as to whether the Appendix to the Proposition should be included and voted on by the States Assembly ‘en-mass’, due to the timescales for considering the matter.

However, the Panel has since considered the construction of the Proposition itself and wishes to confirm in advance how you intend to make the Proposition on assisted dying to the States Assembly. In particular, the Panel should be grateful if you could confirm whether States Members will be provided with the opportunity to vote on each separate paragraph within the Proposition.

The Panel is grateful for the ongoing communication around this area of policy.

Yours sincerely,

Deputy Louise Doublet
Chair
Assisted Dying Review Panel
