Dear Chair,

Scrutiny review: Secondary Education Funding

Thank you for your letter of 21st May advising the recommencement of the Panel's review of Secondary Education Funding.

I note the terms of reference provided and welcome the review. There have been significant changes made to school funding in recent years, following the publication of the Independent School Funding Review, I think it is timely for an external review.

I look forward to assisting the Panel throughout the process.

Yours sincerely,
