

Submission – Anonymous 6 – 23rd June 2023

I will [sic] like to express my heartfelt gratitude to the government and the people of Jersey for giving some of us from the 3rd world countries the privilege to work here as seasonal workers. I will say that this programme is a great intervention for some of u [sic].

We are now earning something for ourselves and supporting our families and loved ones back home. However, since we are also contributing our quota to the State by paying taxes from our salaries, I will [sic] like to plead on the government of Jersey to recognise us by adding us (Seasonal workers) to the free State health care benefits and this will help us to be able to have better health care when we fall sick. I hope this sincere request will be considered. Thank you.
