Dear Sirs

The Jersey Motor Trades Federation welcomes any opportunity to consider formal comment on any proposals which impact upon its members.

Having studied the proposals, the Federation is of the opinion that there is little point in any forensic analysis of the proposals themselves other than to point out the inevitability that any increase in costs are very likely to be passed on to consumers.

Yours faithfully,

Peter Tabb MCIPR MIMI
Public Affairs

Council: Martin Gurren (President), Alan Osmand (Vice-president), Miles Jude, Paul Kell, Robert Linton, Andrew Ruellan, Derek Warwick. Administrator: Peter Tabb
